elaborating theories that will take generations to develop. Relieve the immediate wants of the sufferers around you. sho taining of jails, prisons, asylums, poor- and political reform. taining of jails, prisons, asylums, poorhouses, etc., be spent in furnishing honest employment at renumerative wages to all who are willing to wock, and the vice and crime, and pauperism that society has to deal with now could be reduced 50 per cent, in a single year. Give us more producers and less sponges. Put industry at a premium and idlenes at a discount, in all, the affairs of life.

The present congress has two more weeks. With a good working majority in both branches, and a president to sign bills, it can't point to a single the time I have taken it and is working a complete cure. Of the people, Monopoly gets richer as rapidly as ever, and the masses are getting poorer all the time. Yet these congressmen and senators are called statesmen.—Nonconformist.

The present congress has two more Then the change came. It has done me a wonderful deal of good during the time I have taken it and is working a complete cure. Of the people, Monopoly gets richer as rapidly as ever, and the masses are getting poorer all the time. Yet these congressmen and senators are called statesmen.—Nonconformist.

The Exploits and Ordeals Performed and Provided the Exploits and Ordeals Performed and Provided the Condition of the people. Monopoly gets richer as rapidly as ever, and the masses are getting poorer all the time. Yet these congressmen and senators are called statesmen.—Nonconformist.

Political trickery will be at a president to interpose a word of correction. Is it for a moment supposed that this office seekers to official positions on official positions on their own recommendations of them solves for their own interests. People who make strong efforts to secure office may be regarded as working for them solves for their own interests. People who make strong efforts to secure office may be regarded as working for them solves and not for the general public. When the people are careful to nominate and elect the very best men, mentally and morally, political corruption will be placed in a course of rapid extinction.—Industrial Age.

To-day the strickery will be at a premium aslong as we elect professional office seekers to official positions on Unike Boone, Kenton excited in his Indian foes the most exasperated feelings of vengeance. Aside from wounds received in fight, he was several times between the ladian foes the most exasperated feelings of vengeance. Aside from wounds received in fight, he was several times between the people are careful to nominate and elect the very best men, mentally and morally, political corruption will be placed in a course of rapid extinction.—Industrial Age.

To-day the states of the union and an aggregate membership of over three who make strong efforts to secure office may be regarded as working for them solves and not for the general public.

When the people are careful to nominate and elect the very best men, mentally and morally, political corruption will be placed in a course of rapid extinction.—Industrial Age.

To-day the states of the union and an an angeregate membership of over three may be regarded as working for them solves for their own interests. People who make strong efforts to secure office may be regarded as working for them solves and not for the general public.

When the people are careful to nominate and elect the very best men, mentally and morally proposed to the very verge of death while a prisoner in the Indian for the indian for the sa

Luc Alliance Press Some of our democratic friends are 66 live by toll, are not looking, and lamenting the writing of the Cleveland letter on the silver question, and some republicans are correspondingly jubi lent. So far as this state is con is something practical. The man or woman working from twelve to sixteen bones a description.

shortened, right now; not after they are When Commodore Vanderbilt died

wants a chance to earn an honest living, right now: not after she has become described in body, mind and soul, an outcast, loathsome and deceased, in the civil war and the value. The g. o When misery is crushing the life out of the people, we have no time to waste in male that will take and the country of the people, we have no time to waste in male that will take and the country to the country t

Over a million children under fifteer years of age, employed in the work-shores, mines and factories of this coun-Let the state see that every man and ire! Over a million male tramps over woman has an opportunity to earn by honest labor the comforts of life. Let strong men life and trampler; woman honest labor the comforts of life. Let strong men idle and tramping; women the money spent in America each year, prostituting themselves for bread; and in charity, or in the building and sos-

at a discount in all the affairs of life. Let It be observed that Kansas is the Wife out the parasites and pauperism only state in the union which made a clear, distinct, independent fight upon the St. Louis platform, by a political union of the industrial forces of the We see it so frequently stated that the mission of the alliance was to defeat Ingotis, and that purpose accomplished that it would rapidly decline and perish from the face of the earth, and we design to interpret a world of the industrial forces of the state, and it is the only state in the union that can to-day point to a decided clean cut victory. The result affords an object lession worthy of careful study by those who may be hesitating in their decision respecting the best policy to pursue in the future.—Advocate.

Political trickery will be at a pre-

THE FIRES GO OUT.

Ten thousand men to be forced into idleness, such is the fiat of the Iron Manufacturers' association. It is business—holy business. What matters it about the discharged employees? They monly 'hands.' What are ten thousand itself Money must be made. Fires the furnaces must go out, no matter in ten thousand and mothers grows equally low; no matter in ten thousand homes go out and muthers grows equally low; no matter is in ten thousand and mothers grows equally low; no matter is incompared to the standard for the poor and humble can reach the eternal city, must be accepted by all classes of the wards instances must go out, no matter in ten thousand homes go out and mothers grows equally low; no matter is his incess is business—Alliance Tribusiness is business—Alliance Tribusiness.

INFANT PRODICIES.

It must be a source of no little satisfaction to a certain class of preachers to describe the riches, the beautic satisfaction to a certain class of preachers to describe the riches, the beautic satisfaction to a certain class of preachers to describe the riches, the beautics and splenting to describe the riches, the beautics and splenting people while they down the interest of the world, to the poor hard, working and suffering people while they down the incessioner. Sometimes the Indians would in more captive use long sticks instead of deadly weapons, and in a few rare instances pure courage would save the victim. Kenton on one occasion won the applause of the head chiefs of the Wyandots, who interfered to save his life, cluding as best he could the like the closes of preachers to describe the riches, the beautics and splenting people while they down the experience of the work in the first of the means by which the poor and humble can reach the eternal city, must be accepted by all classes of the lowest of tomahawks and war clubs that the describe and splenting people while they down the application of the poor and suffering people while they down the application of the prisoner. Sometimes due to t

'August Normal College!

Mrs. Sarah M. Black of Seneca, was yellow, my head dull, and I had such pains in my left side. In the morning when I got up I would have a flow of mucus in the mouth, and a bad, bitter taste. Sometimes my breath became short, and I had such queer, tumbling, palpitating sensations around the heart. I ached all day under the shoulder blades. in the left side, and down the back of my limbs. It seemed to be worse came on, my feet and hands would turn cold, and I could get no sleep at all. I tried everywhere, and got

Borns by Simon Kenton. The first ploneers were so successful in holding their settlements that others hastened to join them, attracted by the abundance of the game and the fertility of the soil, says a writer in Harper's Magazine, describing the early settling of Kentucky. To some, no doubt, the element of constant adventure was a great inducement and fully were they gratified. Some, like Simon Kenton, as a hunter and woodsman only to Boone, seemed to seel He it was whose desperate ride through the collar bone; three several times he was bound to the stake to die by fire and as often as eight times was he com-pelled to "run the gauntlet." None of this generation will ever know in its true sigvery stupid or they have but very little regard for their reputation. The purposes of the order are distinctively set forth in the St. Louis and the Ocala platforms, and the defeat of Ingalls or any other man who stands in the way of the accomplishment of these purposes, are only incidents in the progress of the organization, means whereby the end sought is to be attained. 'Only this and nothing more."—The Advocate.

The first sold under the hammer, nine tracts of land, aggregating 1,771 acres, for the sum of \$500. "We are a happy prosperous people." any other man who stands in the way of the accomplishment of these purposes, are only incidents in the progress of the organization, means whereby the land has been taken without compensation, and leaves the former owners still in debt thousands of dollars. No compensation, no redemption, but all gone the fire and as often aso
